New Super Bright Double Row Scene 120° Beam Light Bar

The image features a black SUV with 'AURORA' branding on its side, equipped with a long, rectangular LED light bar on its roof. The light bar is shown in a close-up view below the vehicle, highlighting its double-row LED design and mounting brackets. Below the light bar, four icons represent its key features: a sun for brightness, a water drop for waterproofing, a beam icon for wide coverage, and a wrench for easy installation.

			
Super Brightness	IP68, IP69K Waterproof	Shoot Very Wide	Easy Installation

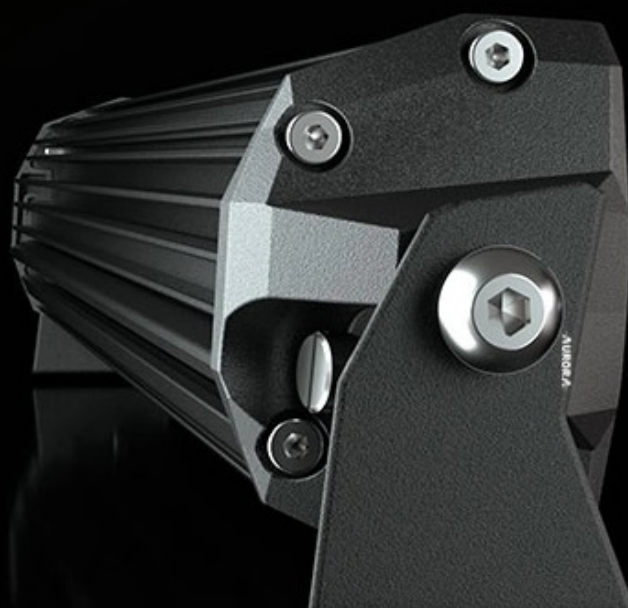

OSRAM

High brightness & long lifespan

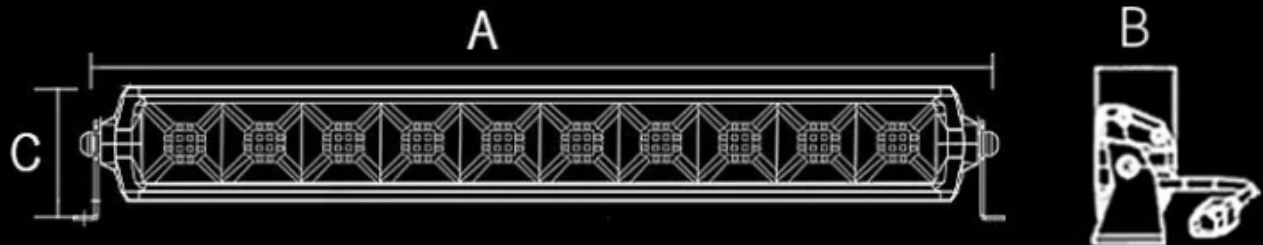

Military Breather

Keep air balance and
better waterproof
